As The Bagel Nook's shop supervisor, I managed daily front-of-house and back-of-house operations, leading staff, ensuring food and service quality, and maintaining store standards, organized employee stations, delegate tasks, and adjust workflows during peak rush hours, train new and existing team members on brand standards, customer service, and food prep, coach employees, provide real-time feedback, and support shift scheduling or attendance tracking, help assist with or provide input on performance evaluations and team morale, resolve customer complaints, refund requests, or order mix-ups professionally, enforce local health, sanitation, and food safety regulations, track daily stock levels, assist with supply ordering, and receive deliveries, monitor cash handling, balance registers, approve overrides, and secure

daily deposits, food preparation, customer service, baking, rolled bagels, and store maintenance, greet guests, answer questions about menu items, and record orders accurately at the counter, process cash, credit, and mobile payments using a point-of-sale system, slice bagels, spread cream cheese or butter, and build breakfast or lunch sandwiches to customer specifications, brew coffee and mix specialty teas or cold drinks, fill and refresh the front display cases with fresh bagels, pastries, and daily specials, mix dough, shape bagels, proof, boil, top, and bake them according to shop standards, slice sandwich meats, chop vegetables, and mix cream cheese spreads, check product consistency, track expiration times, and follow portion-control guidelines to reduce waste, wash dishes, clean equipment, wipe down tables, and maintain health and sanitation codes, refill packaging materials, paper goods, grab-and-drink coolers, and front-counter condiments, set up the dining and kitchen areas early in the morning, or clean down, count cash drawers, and secure the building at night, jump in hands-on to bake, slice, prep bagel sandwiches, or work the register as needed, deliver friendly, fast service and model best practices for the team, monitor bagel quality, presentation, display cases, and stock freshness throughout the day, maintain store cleanliness, dining room organization, and equipment upkeep

Additional Professional Experience:

Multi Award Winning Professional Filmmaker – 2001 to Present Day-
https://www.hislefilms.com
From August 2001 to December 2006 (and continuing to present day), I traveled to Oklahoma City, Oklahoma; Austin, Texas; San Antonio, Texas; Portland, Oregon; and Indianapolis, Indiana, where I worked and trained full-time as a professional film actor. During this period, I had the incredible opportunity to train with some of the finest acting coaches available in the film industry, including Michelle DeLong, Pato Hoffmann, Donise Hardy, Van Brooks, Kristy Martin, Toni Cobb Brock, the late Jimmy Zerda, and Norm Silver (retired). I attended countless auditions, was cast in numerous independent films, and took on various roles, collaborating with well-known Hollywood actors such as Luke Wilson, Terry Crews, Dax Shepard, and the late William Hurt, as well as directors and production companies like Corpus LLC & Content Films (Director James Marsh), 20th Century Fox (Director Mike Judge), and Roach Productions (Director Jay Roach). Now I Direct, Produce, Acting Workshops and Voiceovers

***Director**
As a movie director, I am the creative leader of a film where I translate a script into a visual narrative. I guide the actors' performances, decide camera angles, and collaborate with department heads (like costume, lighting, and set design etc.) to ensure every piece of the film aligns with my unified artistic vision
***Producer**
As a movie producer, I manage the business, financial, and logistical reality of making a film from conception to distribution. While I as a director oversees the creative vision, I as a producer secures funding, hire key cast and crew, oversee the budget, and handle distribution
***Acting Workshop Coach**
As an acting workshop coach, I guide performers to refine their craft through personalized training, scene analysis, and character development. My core duties include teaching acting techniques, running warm-up exercises, providing constructive performance feedback, and preparing actors for auditions and on-set work
***Voiceovers**
As a movie voiceover talent, my duties encompass a variety of off-camera vocal work, primarily categorized into narration (explaining the plot or the character's internal thoughts), character

acting (for animated films), ADR (re-recording unusable dialogue), and trailer or promo announcements
